MEET ADAM

You talk to Adam, not a call center.

What I can help with

- Network design and setup
- Wi-Fi planning and upgrades
- VPN setup, remote and office-to-office
- Firewalls and network security
- PC and workstation setup
- Server setup and Linux systems
- Backups and data protection
- Printers and shared devices
- Business software installs
- Locked-out equipment recovery
- Email setup and security
- Ongoing IT support and monitoring

30+ years in PC hardware and networking.

Local to Beeville, TX, and the person who answers when you call or text.

> **"I take pride in helping business owners get the respect they deserve and the technology they need at a price that makes sense."**
>
